

SkoolBag App

The SkoolBag App is a valuable tool to update our families on College news and information such as upcoming events, school activities and changes in sport fixtures.

It also allows parents to notify the College of absentees and view our sport fixtures, website and Newsletter.

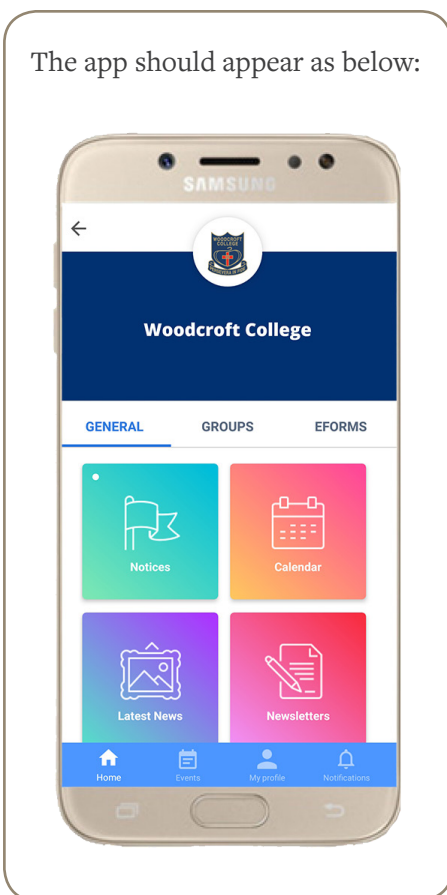

Set-up Instructions

To download the SkoolBag App, please visit the Google Play (Android) or App Store (Apple) and search 'SkoolBag'.

It should appear with this icon 

Once downloaded, log-in with your existing account or if you are new to SkoolBag, create a new account. At the top of the screen, search for Woodcroft College under 'My Schools and Services'.

The app should appear as below:

Groups

To ensure you are receiving information relevant to your child's year level or sport, please select 'Groups' from the top menu and under 'Add/Remove Groups' select the applicable year levels and sport your child/children are associated with.

Please keep in mind that you will need to update your chosen groups when the new school year commences and your child moves to a new year level.

Notifications and Emails

When the College posts a new notice to the app, parents will be notified via email and a push notification on their device. To ensure you receive push notifications, please navigate to your phone's app settings and ensure notifications are allowed on your device:

Android: Settings > Apps > Skoolbag > Notifications > Allowed
Apple: Settings > Notifications > SkoolBag > Allow Notifications

Absentees

Parents are able to use SkoolBag to notify the College when their child is sick and unable to make it to school. Select 'EForms' from the top menu and select 'Absentee Form'. Complete and sign the eform and hit 'submit'.
